

SUPPLY CHAIN & LOGISTICS

A STRATEGIC CROSSROADS FOR NATIONAL AND INTERNATIONAL TRADE

CHOOSE NORMANDY FOR YOUR PROJECT

The gateway to the northern European market, and located on the busiest maritime route in the world, Normandy offers a **privileged direct access to a potential market of some 200 million consumers**.

This strategic location provides multiple benefits for foreign investors. Logistics plays a key role in the regional economy, embedded across the whole area: maritime ports, airports, rail infrastructure and a well-developed road network. The logistics businesses in Normandy offer a complete range of services, from transport and distribution through to stock management and ensuring the supply chain.

THE STRENGTHS OF NORMANDIE

2 complementary port systems

HAROPA PORT (Le Havre, Rouen and Paris) and the "Ports de Normandie" (Caen-Ouistreham, Cherbourg, Dieppe)

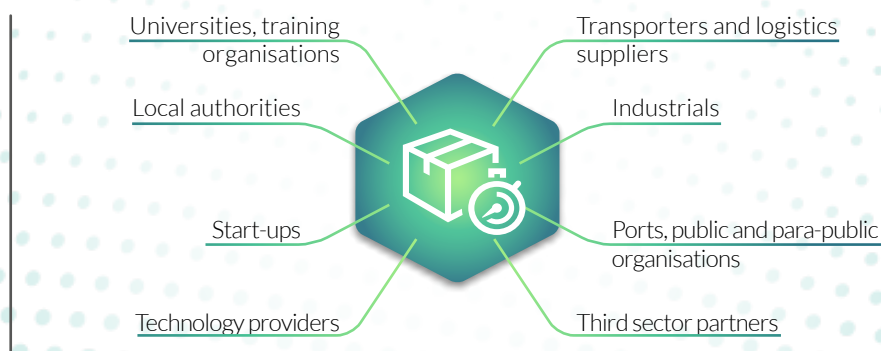

Leading
multimodal transport corridor in France

6.3 million m²
of warehousing space

3800
businesses in the sector
107 000
employees

A COMPLETE VALUE-CHAIN

The Normandy logistics sector brings together businesses from each sector of activity

- › **IDIT** - Specialist in legal, economic and technical questions for all types of transport, both nationally and internationally

THE STRENGTHS OF THE REGION

AMBITIOUS REGIONAL PROJECTS

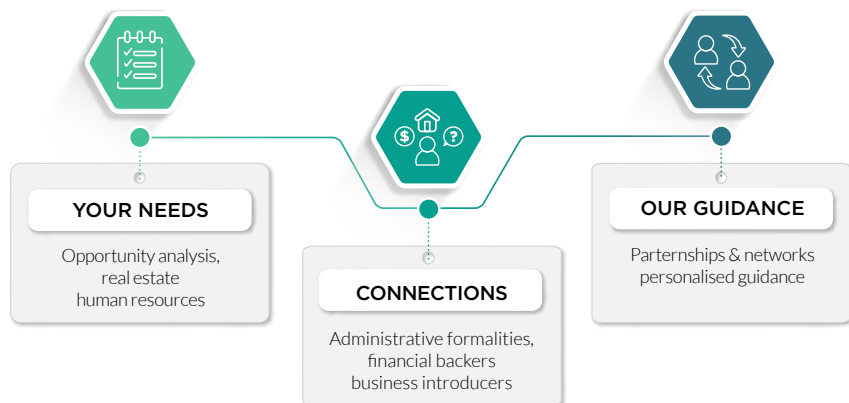

SEINE GATEWAY: This project aims to develop the multimodal logistics platforms on the Seine, in order to serve the markets in the Paris region better, and to extend the hinterlands of the ports on the Seine.

AN OPTIMISED REGIONAL NETWORK

6 logistics "clubs" sharing experiences and best practice on professional and technical subjects.
