

PHARMACEUTICALS AND HEALTH

WORLD-CLASS KNOW-HOW PRODUCING THE HIGHEST QUALITY PHARMACEUTICALS

CHOOSE NORMANDY FOR YOUR PROJECT

The pharmaceutical sector in Normandy is a **strategic, value-creating sector**. Normandy is ranked second amongst French regions for pharmaceuticals, and third for medicines. This places Normandy in a breakaway group of regions for health-related industries, well ahead of the rest of the pack. Normandy excels in research, development and the production of pharmaceuticals. It is also a leading region for major innovations in technology, diagnostics, surveillance and the treatment of illnesses, both human and animal. Normandy offers genuine strengths, results and outstanding potential for going forward.

KEY SECTOR DATA

3200

researchers in Normandy

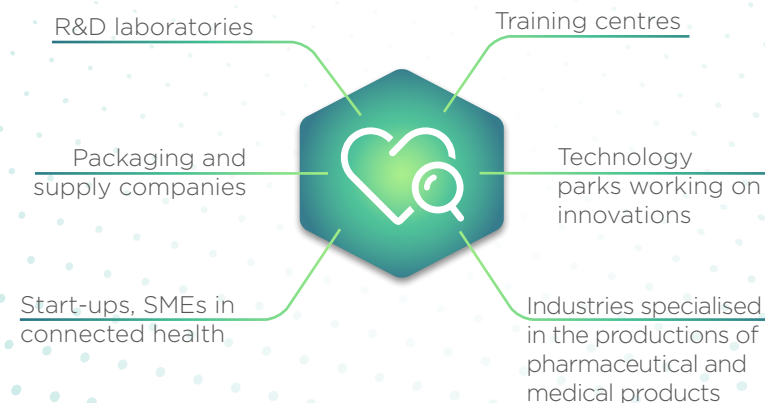

In the **TOP 2**
of French regions for
pharmaceuticals

**Leading French
region**
for intervention research in
cancers

**More than
250** industrial
companies in chemicals
and pharmaceuticals
